## **Neuronetics**

#### **Neuronetics Reports Second Quarter 2022 Financial and Operating Results**

August 2, 2022

MALVERN, Pa., Aug. 02, 2022 (GLOBE NEWSWIRE) -- Neuronetics, Inc. (NASDAQ: STIM), a commercial stage medical technology company with a strategic vision of transforming the lives of patients whenever and wherever they need help with the best neurohealth therapies in the world, today announced its financial and operating results for the second quarter of 2022.

#### Second Quarter 2022 Highlights

- Exceeded guidance Second quarter 2022 revenue of \$16.3 million, exceeded previously issued guidance of \$15.0 million to \$16.0 million
- Increased NeuroStar System revenue 70% over the second guarter of 2021
- Revenue from 59 NeuroStar Systems during the second quarter, an increase of 64% over the second quarter of 2021
- Second quarter 2022 system revenue increased 20% seguentially as compared to first quarter 2022

#### **Recent Operational Highlights**

- Received FDA 510(k) clearance for obsessive-compulsive disorder (OCD)
- Received FDA 510(k) clearance for the treatment of anxiety symptoms in patients who suffer from major depressive disorder (MDD), also known as anxious depression
- Positive TMS coverage policies to expand patient access to our NeuroStar Advanced Therapy system for both MDD and OCD
- Entered into long-term exclusive commercial partnership agreement with Alleviant Health Centers

#### **Recent Marketing Highlights**

- Achieved over 134,300 global patients treated with more than 4.8 million of our Treatment Sessions and over 5,360 new
  patient starts in the quarter, a Company record
- Data published in Brain Stimulation Journal highlighted breakthrough treatment protocol insights attained from Neuronetics' industry leading TrakStar clinical outcomes database

"I am very pleased with our performance throughout the second quarter and first half of the year. We successfully worked through macro challenges and have continued to execute, highlighted by very strong capital system sales volumes and improving utilization along with achieving multiple significant milestones, including the FDA approval for OCD and anxious depression, receiving multiple favorable reimbursement decisions, and expanding the number of exclusive commercial partnerships with national accounts," said Keith J. Sullivan, President and Chief Executive Officer of Neuronetics. "For the remainder of the year, we will look to leverage the momentum we have built to continue to accelerate our growth and help more patients suffering from mental health disorders get the relief that deserve."

United States International Total revenues

Total revenue for the three months ended June 30, 2022, was \$16.3 million, an increase of 15% compared to the three months ended June 30, 2021 revenue of \$14.2 million. During the quarter, total U.S. revenue increased by 17% and international revenue decreased by 50% over the prior year quarter. The U.S. revenue growth was primarily driven by an increase in NeuroStar Advanced Therapy System sales and the decline in international revenue was primarily driven by a decrease in international NeuroStar Advanced Therapy Systems sales.

U.S. Revenues by Product Category Three Months Ended June 30,

2022	2021	_
Amount	Amount	% Change

	ages)	percent	except	(in thousands,	
--	-------	---------	--------	----------------	--

NeuroStar Advanced Therapy System	\$ 4,382	\$ 2,577	70 %
Treatment sessions	11,295	10,801	5%
Other	 455	431	6 %
Total U.S. revenues	\$ 16,132	\$ 13,809	17 %

U.S. NeuroStar Advanced Therapy System revenue for the three months ended June 30, 2022, was \$4.4 million, an increase of 70% compared to the three months ended June 30, 2021, revenue of \$2.6 million. For the three months ended June 30, 2022 and 2021, the Company sold 58 and 36 systems, respectively, that were recognized as NeuroStar capital revenue during each period. Additionally, for the three months ended June 30, 2022, the Company executed 1 operating lease agreement that contributed to operating lease revenue.

U.S. treatment session revenue for the three months ended June 30, 2022, was \$11.3 million, an increase of 5% compared to the three months ended June 30, 2021, revenue of \$10.8 million. The revenue growth was primarily driven by an increase in the number of accounts utilizing our PHQ-10 tool. As a result, our treatment session volume in our local per click accounts, those utilizing our PHQ-10 tool, increased 15% compared to the second quarter of 2021.

In the second quarter of 2022, U.S. treatment session revenue per active site was \$11,280 as compared to \$12,001 during the second quarter of 2021 as a result of an increase in the number of new accounts installing systems in the second quarter of 2022.

Gross margin for the second quarter of 2022 was 75.3%, a decrease of approximately 530 basis points from the second quarter of 2021 gross margin of 80.6%. The decrease was primarily a result of a change in product mix compared to the second quarter of 2021.

Operating expenses during the second quarter of 2022 were \$22.1 million, an increase of \$4.1 million, or 23%, compared to \$18.0 million in the second quarter of 2021. The increase was primarily driven by the implementation of new marketing initiatives and personnel costs related to our sales force compared to the prior year quarter.

Net loss for the second quarter of 2022 was \$(10.4) million, or \$(0.39) per share, as compared to the second quarter 2021 net loss of \$(7.5) million, or \$(0.29) per share. Net loss per share was based on 26,786,778 and 25,902,591 weighted-average common shares outstanding for the second quarters of 2022 and 2021, respectively.

EBITDA for the second quarter of 2022 was \$(9.1) million as compared to the second quarter of 2021 EBITDA of \$(6.3) million. See the accompanying financial table that reconciles EBITDA, which is a non-GAAP financial measure, to net loss.

Cash and cash equivalents were \$70.9 million as of June 30, 2022. This compares to cash and cash equivalents of \$94.1 million as of December 31, 2021, and \$115.8 million as of June 30, 2021.

#### 510(k) Clearance for Treatment of Adult OCD and Anxious Depression

#### OCD

In May of 2022, the U.S. Food and Drug Administration (FDA) granted clearance for NeuroStar as an adjunct treatment for adult patients suffering from OCD. NeuroStar has initiated a limited, exclusive launch at centers across the United States and expects to begin training the broader installed base in the fourth quarter of 2022. Importantly, this new indication can be remotely activated on the customer's existing NeuroStar hardware enabling NeuroStar to treat even more patients suffering from debilitating mental health disorders. In the United States, over 4 million adults suffer from OCD and approximately half of those patients have serious impairment.

#### **Anxious Depression**

NeuroStar has successfully leveraged real-world data from its proprietary database of patient outcomes, TrakStar, to gain clearance for a new indication with the FDA. In July of 2022, the FDA granted a new indication for NeuroStar to treat anxiety symptoms in adults with major depressive disorder (MDD), also known as anxious depression. Our submission utilized data collected from 644 patients treated at 75 centers across the country and showed that 65.5% of patients achieved a clinically meaningful reduction in their anxiety symptoms. This new indication is immediately available to physicians to treat their patients. It does not require new hardware and is reimbursed with current CPT codes under current coverage policies. MDD is a common and serious psychiatric diagnosis among adults with an estimated prevalence of 13.9 million patients under treatment in the United States. Anxiety symptoms are a common co-morbidity in patients with MDD, commonly called anxious depression, with an estimated prevalence of more than 50% of MDD patients, and patients with anxious depression are generally regarded as harder to treat with currently available pharmaceutical options.

#### **Long Term Commercial Partnerships**

#### Alleviant Health Centers

In June of 2022, the Company initiated a commercial partnership with Alleviant Health Centers, an Arkansas-based network of full-service mental health clinics. Under the agreement, Neuronetics will be the exclusive supplier of new TMS equipment to Alleviant and its affiliates. Alleviant had been using a different TMS device prior to our partnership but with plans to expand their footprint across multiple states, they chose NeuroStar because our ongoing support, training and marketing initiatives will be integral to their growth and continued success.

#### Positive TMS Coverage Policies

In July of 2022, the Company announced a series of healthcare policy updates that increase patient access to NeuroStar Advanced Therapy for TMS. First Coast and Novitas Medicare Administrative Contractors (MACs) have proposed policy updates to local coverage determination (LCD) that would reduce the number of prior medication failures for TMS eligibility from four down to one for people suffering from major depressive disorder (MDD). An additional proposed change would remove the requirement for a previous psychotherapy trial. First Coast coverage area includes two million Medicare beneficiaries, more than 74,000 physicians and 247 hospitals that serve Medicare patients in FL, PR and USVI. Novitas coverage includes over eight million covered lives in CO, NM, TX, OK, AR, LA, MS, PA, NJ, MD, DE, and DC.

Additional positive coverage policies applicable to TMS were recently issued by Highmark BCBS, publishing coverage for obsessive-compulsive disorder (OCD), affecting 6.8 million members in DE, NY, PA, & WV; Select Health, publishing their first TMS policy for MDD, impacting 981,000 members in UT, ID & NV; and Pacific Source removing the MDD pre-authorization requirement for their Medicare Advantage plan members in OR, MT, ID & WA.

#### **Business Outlook**

For the full year 2022, the Company now expects total worldwide revenue to be between \$60.0 million and \$62.0 million.

For the full year 2022, the Company now expects total operating expenses to be between \$86.0 million and \$88.0 million.

For the third quarter of 2022, the Company expects to report total worldwide revenue of between \$14.5 million and \$15.5 million.

#### **Webcast and Conference Call Information**

Neuronetics' management team will host a conference call on August 2, 2022, beginning at 8:30 a.m. Eastern Time.

To listen to the conference call on your telephone, participants may register for the call via this link <a href="https://register.vevent.com/register/Bl4b0043a886241ebb671ea828194825d">https://register.vevent.com/register/Bl4b0043a886241ebb671ea828194825d</a>. To access the live audio webcast or subsequent archived recording, visit the Investor Relations section of Neuronetics' website at <a href="ir.neuronetics.com">ir.neuronetics.com</a>. The replay will be available on the Company's website.

#### **About Neuronetics**

Neuronetics, Inc. believes that mental health is as important as physical health. As a global leader in neuroscience and the largest transcranial magnetic stimulation ("TMS") company in the industry, Neuronetics is redefining patient and physician expectations by designing and developing products that improve the quality of life for people suffering from neurohealth conditions. An FDA-cleared, non-drug, noninvasive treatment for people with depression, Neuronetics' NeuroStar® Advanced Therapy system is the leading TMS treatment for major depressive disorder ("MDD") in adults with over 4.8 million treatments delivered. NeuroStar is widely researched and backed by the largest clinical data set of any TMS system for depression, including the world's largest depression Outcomes Registry. Our NeuroStar® Advanced Therapy system is also FDA-cleared to treat people suffering from obsessive-compulsive disorder, as well as for the treatment of comorbid anxiety symptoms ("anxious depression") for adults with MDD suffering from anxiety symptoms. Neuronetics is committed to transforming lives by offering an exceptional treatment option that aims to produce extraordinary results. For safety information and indications for use, visit NeuroStar.com.

#### "Safe harbor" statement under the Private Securities Litigation Reform Act of 1995:

Statements in the press release regarding Neuronetics, Inc. (the "Company") that are not historical facts constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements may be identified by terms such as "outlook," "potential," "believe," "expect," "plan," "anticipate," "predict," "may," "will," "could," "would" and "should" as well as the negative of these terms and similar expressions. These statements include those relating to the Company's business outlook and current expectations for upcoming quarter and fiscal year 2022, including with respect to revenue, operating expense, growth, and any statements of assumptions underlying any of the foregoing items. These statements are subject to significant risks and uncertainties and actual results could differ materially from those projected. The Company cautions investors not to place undue reliance on the forward-looking statements contained in this release. These risks and uncertainties include, without limitation, risks and uncertainties related to: the impact of COVID 19 on the Company's operational and budget plans as well as general political and economic conditions, including as a result of efforts by governmental authorities to mitigate COVID 19, such as travel restrictions and third-party business closures and the related impact on resource allocations, manufacturing and supply chains and patient access to commercial products; the Company's ability to execute its business continuity; the Company's ability to achieve or sustain profitable operations due to its history of losses; the Company's reliance on the sale and usage of its NeuroStar Advanced Therapy for Mental Health System to generate revenues; the scale and efficacy of the Company's salesforce as well as the Company's ability to retain talent; availability of coverage and reimbursement from third-party payors for treatments using the Company's products; physician and patient demand for treatments using the Company's products; developments in respect of competing technologies and therapies for the indications that the Company's products treat; product defects; the Company's ability to obtain and maintain intellectual property protection for its technology; developments in clinical trials or regulatory review of NeuroStar Advanced Therapy for Mental Health System for additional indications; and developments in regulation in the United States and other applicable jurisdictions. For a discussion of these and other related risks, please refer to the Company's recent SEC filings which are available on the SEC's website at www.sec.gov. These forward-looking statements are based on the Company's expectations and assumptions as of the date of this press release. Except as required by law, the Company undertakes no duty or obligation to update any forward-looking statements contained in this press release as a result of new information, future events, or changes in the Company's expectations.

Cash and Cash Equivalents, End of Period	\$	70,931	\$	115,783			

#### **Non-GAAP Financial Measures (Unaudited)**

EBITDA is not a measure of financial performance under generally accepted accounting principles in the United States, or GAAP, and should not be construed as a substitute for, or superior to, GAAP net loss. However, management uses both the GAAP and non-GAAP financial measures internally to evaluate and manage the Company's operations and to better understand its business. Further, management believes the addition of the non-GAAP financial measure provides meaningful supplementary information to, and facilitates analysis by, investors in evaluating the Company's financial performance, results of operations and trends. The Company's calculation of EBITDA may not be comparable to similarly designated measures reported by other companies, because companies and investors may differ as to what type of events warrant adjustment.

The following table reconciles reported net loss to EBITDA:

	Three Moi	nths	ended		Six mont	hs e	nded
	June	e 30,			June	e 30,	
	2022 2021 2022 2						2021
